Curro, Paco de Lucía's son, after his father unexpectedly death February 2014, shut himself in the editing room trying to finish his dream project few years ago: Making a documentary about his father's life, an almost incomprehensible project that unfortunately remained unfinished. **"The Search"** is this documentary, 90 minutes in which Curro shows the world his personal portrait of guitar legend Paco de Lucía. The documentary has a family perspective.

The documentary "The Search" was at last San Sebastián International Film Festival and was released throughout Spain in October 2014.

It is a set of 2 CDs + 1 DVD + Book (28 pages).

Include the 29 songs that appear in the documentary. The sequence of songs is in chronological order to show the evolution of Paco de Lucía as a guitarist. All tracks had remastered in October.
