1. Un mal sueño
2. Es algo tan maravilloso
3. Una vez
4. Y qué voy a hacer con tu sonrisa
5. Una noche de amor desesperada
6. Por el camino
7. Corre

It would be enough with comparing the cover with other ones to notice this album is different. The band's sour and deep feeling turns toward more of a festive one as is usual in superficial pop. What is true, however, is that their talent is clear even if they make pop as is seen in Una vez and Un mal sueño, which shows their deep Triana roots. The rest of the album is full of simple tracks like Corre, which is undoubtedly Triana's worst track. Other ballads, such as Una noche de amor desperdiciada, drew the path toward chaos.
